

# The Tale of Jack

July 2026

A boy and a bird are on a quest. But the boy's been cursed, the bird's not all that he seems, and there are no safe paths in the mountains when in search of dragons and gold.

'The Tale of Jack', told in a mixture of rhyme and prose, makes even the lengthiest quest fly by. A timeless tale, for readers of all ages.

## The Publisher

Hawkwood Books has been operating since 2006.

We publish a range of genres in paperback with distinctive colour-coded covers. Some titles are also offered in electronic formats.

Though small, our standards are high and we print through a top class company.

Authors come from all walks of life with vastly different approaches to writing.

Hawkwood offers a way in to writers whose works may have been overlooked elsewhere.

Our books are occasionally bought by publishers with greater reach worldwide.

One of our books has been nominated for the Carnegie Medal and other positively reviewed in national media.

We distribute mainly through Gardners and our titles are available through all reputable outlets.
